Forest Hills School District's Facilities Program

Forest Hills Facilities Plan

- Extensive updates to 8 of our 9 schools
- Replace Wilson Elementary
- Enhance learning environments across the district
- Build additional classrooms to accommodate gradual implementation of all-day kindergarten
- Add auxiliary gyms at both high schools
- Relocate our transportation department
- Alleviate traffic congestion at many schools
- Fund future building maintenance

Enhanced Learning Environment

- Climate controlled schools, including air conditioning systems at 4 schools that do not currently have AC
- Improved classroom technology to support 1:1 initiative
- Provide new flexible learning spaces
- Classroom improvements to include better lighting, ceilings, and casework (fixed storage)

Safety and Security

- Secure entrances (vestibules) for all schools.
- Exterior door upgrades and security card access, where needed
- Additional security cameras and monitors with remote access
- Security control centers in schools
- Improved exterior lighting

Accessibility for All

- Handicap accessibility
- Elevators, where needed
- Restroom stalls and plumbing fixtures that are ADA compliant
- Replace lift systems as needed
- Add ramps as needed

November 4th Ballot Issue

- \$103 million facilities plan
- 4.95 mills
 - 4.45 for renovation and construction
 - .5 mill for Permanent Improvement (PI) fund
- \$14.44 monthly cost per \$100,000 market value

Why Now?

The need is **NOW** & **GROWING!**

- Instructional needs are changing
- Aging facilities
- Facility needs continue to grow
- Construction costs continue to increase
- Interest rates continue to increase
