

On occasion, Boards of Education choose to engage members of their school community to come together to study, evaluate and make recommendations regarding academics, finance and operation of the district's programming.

This communication is intended to solicit your interest to participate on a Forest Hills School District Citizens Advisory Group (CAG) to discuss Relationship and Wellness programming and associated professional development. It should be noted that all inquiries will be considered in our process to develop a balanced CAG composed of varied experiences and backgrounds.

The purpose is to develop a small, balanced and actionable CAG to audit FHSD Relationship and Wellness Professional Development initiatives, to review associated information needed to design, plan and execute further relationship and wellness professional development and to provide specific recommendations to the FHSD BOE for future implementation of relationship and wellness student and staff programming inclusive of a stakeholder communication plan.
