Creativity Comes to Life with Cardboard

Cardboard Kids' Club was the inspiration of Summit Student Micah Burns who loves to create! Whether creating a giant box fort, a cardboard iPad, or a prototype for something bigger, creativity often begins with the unlimited potential of a piece of cardboard. He dreamed of space to make a giant box city with friends, letting his friends' creativity guide projects and fun time together.

We meet once a month afterschool for a snack and creative project. Our time is geared for K-3rd grade, but siblings of all ages are welcome! Please plan to have a responsible adult come with your child.

We can't wait to create with you!

Club Details >>>

3:45-4:00 Arrival/Snack Time
4:00-4:10 Instructions/Introductions
4:10-5:00 Creative Projects
5:00 Cleanup

For More Information and to RSVP call/text
