

College Comparison Worksheet

This is meant to be a tool in your college selection process; it is intended to be used in stages.

The first page can be used for your initial survey of schools. Information can be filled in as you discover it by looking at websites, talking to admission representatives, and visiting the school. There are blanks in each area so that you can compare things that are important to you.

There is no correct way to use this worksheet; utilize it in a way that is helpful and meaningful to you.
