

Presents:

“THINK BEFORE YOU DRINK!”

This presentation is designed to happen before Spring Break, Prom, Graduation Parties, Riverbend Concerts and for some, College.

PLEASE BRING YOUR TEENS and join us for this informative evening discussing underage drinking, featuring guest speakers:

- **Dr. Ty Brumback, Ph.D** from Northern Kentucky University who will discuss the effects of underage drinking on brain function and behavior.
- **Brad Fritz** will tell his story of underage drinking and driving that never fails to impact the young and old.

Thursday, March 21st at 7:00 p.m.

Anderson Hills Methodist Church - Fellowship Hall
(across from the Anderson Towne Centre)

Underage consumption is responsible for poor decision-making, life changing events, and can influence using other substances. Topics to be addressed:

- **Brain development • Alcohol Poisoning • Date Rape/sexual assaults • Cross Fading/mixing with other drugs • Life changing events • Parents who Host Lose the Most**

*Step Up Anderson Township:
a coalition for a healthy, safe and drug free community*
