Welcome to Forest Hills!

The first years of a child's formal education are among the most important. These initial steps on an educational journey lay the foundation for lasting success in and out of the classroom. We are honored to have the privilege of working with your child and are committed to helping them develop a curiosity and excitement for learning.

Since 2017, Forest Hills has offered both all-day and half-day kindergarten programs that foster positive academic and social development. Our innovative approach is designed to promote discovery and choice, as well as develop the strengths and address the needs of each child in order to open new doors to the world of learning for all students. Thanks to our distinguished and passionate teachers, children experience exciting learning opportunities that address their academic, emotional and social needs. Students develop self-confidence and skills that form a foundation for continued success.

As your child begins their education in Forest Hills, you will discover that students and learning are at the heart of our work. Your child will enjoy a safe, welcoming and comfortable environment that supports exploration and instills a love of learning that will carry them throughout their life.

Respectfully,

Larry R. Hook
Superintendent
Forest Hills School District

Registration Process

Children must be five years old on or before August 1, 2023 to register for Kindergarten.

Step 1:

Register online at foresthills.edu/registration (beginning January 23, 2023)

Step 2:

All documentation can be uploaded into Final Forms

Required Documentation

- parent/guardian driver's license
- child's current immunization records
- child's official birth certificate
- proof of residence (mortgage, deed, rental/lease agreement)
- custody papers (if applicable)
- \$75 deposit for all-day kindergarten (in the form of a check paid to FHSD). Memo: Child's Name + School
