### STUDENT ENGAGEMENT SURVEY OPT-OUT FORM

*Please sign and return this form to the student's school of attendance if the student should NOT participate in the FHSD Student Engagement Survey. Parents only need to complete and return this form to school to DECLINE PARTICIPATION.*

To learn more about student perceptions and needs, Forest Hills School District plans to survey students regarding student engagement. To better serve students, this survey will not be anonymous. By participating in this survey, students have an additional opportunity to have a voice in their education. The results will help Forest Hills prepare students for the future by providing information beyond standard measures, such as:

- student engagement (student involvement in school and enthusiasm)
- hope (student ideas and energy students have for the future)
- entrepreneurial aspiration (student talent and energy for building businesses)
- career/financial literacy (student attitudes and behaviors toward the economy).

Within the month of November, Forest Hills students may voluntarily take the engagement survey during school hours. The survey will take an average of 20 to 25 minutes.

The survey is voluntary. Students who do not participate will be given an alternate educational option to partake in during the time of the survey. There are no consequences or penalties if a student does not participate. All students will participate in the survey unless parents request otherwise. To request that your student NOT participate in the survey, please complete and return the form below.

Additional questions can be directed to Kim Pence, Associate Director of Middle School Teaching and Learning, at [kimpence@foresthills.edu](mailto:kimpence@foresthills.edu).
