AHS Family,

The spring semester is really flying by! Today marks the interim of the 4th quarter- please see directions to access your student's grade in the blurb below.

As you may recall from previous AHS Family Updates, I love interacting with our students during lunch bells. It's low-key, low-stress for the students and it helps me stay connected with our amazing young adults! I usually start with a random question or poll- the answers for today's question were pretty interesting. I asked what their ideal temperature was; and I got quite the range! Some dipped down into the mid- to low- 50's while others love the heat, with answers north of 80! If you're wondering, the modal answer was 73 degrees.

Anderson Proud,

Kyle
