¡Hola! World of SPANISH™ ¡Celebrating 21 years!

Why learn Spanish with us?

✔ Higher score on the SAT

Students who study a foreign language for four or more years tend to score higher on the verbal section of the SAT.

✔ Higher grades in high school

Foreign language classes are a very stringent requirement for colleges and universities; learning Spanish during childhood will make high school Spanish much easier. Good grades in Spanish can make quite a difference on students' GPA and college applications.

✔ It enhances reading ability in English

Starting a second language early enhances reading abilities and general literacy in the first language. Children also demonstrate better focus and multitasking skills.

✔ Students acquire the language naturally!

We don't make students memorize verb conjugations like you did when you were in school. Our natural method easily engages students so that the lessons last a lifetime.

What a happy parent says:

"My kids absolutely love going to class. They have learned so much and it has even put them on the track to asking me in their day-to-day lives, 'Mom, how do you say that in Spanish?' Fun new phrase in our house, '¿Cómo se dice?' with anything and everything. Thank you so much, I look forward to many more classes to come."

"The folks at World of Spanish understand deeply that the secret to getting kids to absorb a second language is to disguise learning time as playtime. Their approach isn't about rote memorization; instead they bring children to a space where culture and language intersect."
