What Makes Rugby Different?

Blending American football's tackling with soccer's continuous flow, rugby is non-stop motion sport. Kids especially love that every player has the opportunity to run, pass, catch, and kick the ball as well as score points.

Who Can Play?

The Cincinnati Royals Rugby team welcomes all boys and girls in Greater Cincinnati and Northern Kentucky born in 2012 or later. Players are organized into dedicated boys and girls teams for inclusive, exciting competition.
