

Enroll today for **Spanish Classes!**

Why learn Spanish with us?

- **Higher score on the SAT**

Students who study a foreign language for four or more years tend to score higher on the verbal section of the SAT.

- **Higher grades in high school**

Foreign language classes are a very stringent requirement for colleges and universities; learning Spanish during childhood will make high school Spanish much easier. Good grades in Spanish can make quite a difference on students's GPA and college applications.

- **It enhances reading ability in English**

Starting a second language early enhances reading abilities and general literacy in the first language. Children also demonstrate better focus and multitasking skills.

- **Students acquire the language the natural way!**

We don't make students memorize verb conjugations like you did when you were in school. Our natural method easily engages students so that the lessons last a lifetime.

"The folks at World of Spanish understand deeply that the secret to getting kids to absorb a second language is to disguise learning time as playtime. Their approach isn't about rote memorization; instead they bring children to a space where culture and language intersect."
